VILLAGE

Call For Workshops

What

The Crypto & Privacy Village takes place at DEF CON each year. The Village features workshops & talks on everything from GPG to FOIA, discussions on privacy and crypto tools, and a key signing party. There will also be crypto puzzles, games, and other exciting cryptofun!

This year, we're looking to get more hands-on as a village. Please submit your ideas for workshops and other activities in the village that we should schedule time for. We will put out a CFP for talks at a later date.

Where/When

DEF CON 24 @ Paris Bally's, Las Vegas
Friday, August 5 – Saturday, August 6, 2016

Submission Information

Please include in an email to CryptoVillage@gmail.com by May 1, 2016:

Name/Handle:
Contact information (email-required & phone number-ideal):
Bio (<200 words):
Twitter/Website:

Title of Workshop:
Workshop Abstract (<100 words):
Description of workshop (<600 words):
Do you need any special equipment?
Does the audience need to bring anything to participate?
Length of workshop: 30/60/90/120 minutes
