CRYPTO + PRIVACY

CFP

Submit by June 15th!

About Us

The Crypto & Privacy Village is returning to DEF CON 25, and we're looking for top-notch presentations and workshops to fill our schedule. In the past, the Village has featured workshops and talks on everything from quantum crypto to FOIA, discussions on privacy and crypto tools, and a key signing party.

Passionate about crypto or privacy? Interested in helping people encrypt their lives? Have a talk that's better suited for a niche audience? Submit YOUR proposal to the Crypto & Privacy Village Call for Presentations and Workshops!

Please, no sales pitches. If you have a unique perspective related to your company's products, please make it as vendor-neutral as possible.

Important Dates

Submissions are due Thursday, June 15, 2017 at 11:59:59 PM PDT.
